

BBJ FLOAT FLY REPORT

July 30, 2016 Dexter Lake Lowell Oregon

The 2016 Black Berry Jam Float Fly had a great turn out. Saturday July 30.

The morning got started early around 6:30 crisp and clear. We had everything set up in about an hour at which point pilots started showing and setting up as well. Planes were on the water shortly after 7 and after the pilots meeting at 8 things were in full swing. We had 17 registered pilots with a total number of people in the 30-40 range. It was a great day to fly with low winds and cooler temps until around 12:00 when it picked up a bit. We had the raffle around 1:00 after which we called it a day due to swimmers cooling off in our takeoff and landing zone. As far as I could tell everyone had a great time with no major dunks in the lake and few water rescues. Another successful event. Thanks to all that put in the time and effort to pull this event off. It is a collective effort to make our events a success. Thanks again. John Risbrough
