

Fun Fly & Swap

REPORT Saturday June 13, 2015

The 2015 Fun fly & Swap had a good turn out. Lots of flying and some swapping

Folks started showing around 9:30 or so and things got underway with flying and swap meet stuff. We had 4-5 swappers with a lot of good deals being had. Even with a bit of a breezy day many flights were completed with very few incidents.

All told approximately 25-30 people throughout the day. Everyone had a good time flying, buying and just hanging out.

Another successful event.

John Risbrough reports - The morning started early about 7:30. Alan and Gary were already on site getting some flights in. We spent a little time with last minute set up getting signs and flags put out. Bill and Vickie spent time getting food and BBQ ready to go for the lunch rush.
