

Creswell RC Flyers

Meeting Minutes

Date: 1/28/2020

Meeting was called to order at 6:00 p.m. by President John Risbrough.

Introductions: New club member Mike Ufford was welcomed into the club. Welcome Mike

Reading of last month's meeting minutes:

Tim read the minutes from the December club meeting. Minutes approved.

Treasury Report: Treasury report was read by Rod Madison including beginning balance and ending balances and revenue and expenses for the month of December. Twenty members have paid their annual membership dues and several other did so during the meeting. Once all memberships are collected, Rod will begin to create the budget for 2020 and bring to the February meeting for review and approval. Financial report approved.

President's Report: John gave an update on the recent proposed FAA rules and AMA's position. After much discussion, it was recommended that all members put their FAA number on the outside of their aircraft and their AMA number on the inside. Our best approach to ensure our club is compliant is for all pilots to abide by this requirement.

Field maintenance will be discussed in more detail as we get into the spring and we prepare for flying season as weather improves.

A recommendation was made to review and discuss the *Flying Site Rules* at our February meeting.

Show and Tell: John bring a new CG balancer he recently purchased. The balancer is #D printed and can accommodate larger planes and makes it easy for one person to operate.

Bill Hastings shared how he was able to correct a warped wing by reheating the covering while tweaking the wing frame.

Meeting adjourned at 7:00 p.m.

Tim Herrmann, Secretary
