-Gift Cert for Gopher Dave \$50.00

-Club Fun Fly-\$100.00

-Total \$2860.00

Club will vote at February meeting on Fun Fly date. Ask Brad about Arizona Co. wanting to advertise on our page.

Old Business:

Club members will work on well casing to clear the clog. If all goes well hopefully we can get good water info for Jack so he can proceed on getting electricity to the hangar.

Just a note: a couple club members have spoke twice to full scale pilot Chuck Looper about flying R/C at the field and not being affiliated with either club. Jack has also been made aware of this unsafe situation.

General:

Rod was able to get Lane Forest Products to donate a good size load of river sand to sand the field. Khoi spoke with jack about top sanding, aerating and rolling the field, Jack approved. Club approved getting sand delivered. Product will go down when weather permits. Rod will lay down more fertilizer, more blackberry kill and will coordinate over seeding and rolling. Rod will continue to cover porta toilet costs. Not enough can be said for all that Rod has contributed. Thank you.

Bill Hasting shared that our roof is still leaking, looks like we may have to just fix it ourselves. Club will vote by email as to where we would like to hold our 2012 meetings. The 2 choices are Rods office or EWEB. Rod brought up having an events calendar added to our site. Jim Corbett will research. Club members present agreed on having a Chili and Cornbread Fun Fly January 14th 9:00am.

Meeting adjourned approx 9pm
