

Meeting February 12, 2012

Meeting called to order by Rod approximately 6pm at Rods office.

John R. read January minutes and was approved by members present.

Treasurers Report by Khoi at next meeting.

New Business:

Rod passed out proposed budget for 2012. More discussion at next meeting I think. Club discussed ways to increase revenue i.e. new members and activities. Rod suggested all members help with finding prospective sponsors and then have Brad do the follow up to stay consistent and keep it to one contact person. Brad received a kudos to our club for supporting our club sponsor "I-5 Tire Factory Creswell Oregon". It looks like Rory will be interested in supporting us for the 2012 season. Level unsure at this point. Thanks to all that have spent their dollars there.

Rod thanked Jim for all his work on the website. Club discussed ideas for a club trainer plane and intro pilot for our events. Thoughts about a member bringing some type of trainer might be the ticket. Maintaining a radio and plane can be cumbersome at times, and we want whatever we use to be in good order at all times. Rod supplied a new hand sanitizer for the hangar and a cigarette disposal can for the field. John R. will install sanitizer and drop off cig can. Thanks Rod.

Club agreed on August 4<sup>th</sup> for Fun Fly/Paintball event. Club will discuss details in our upcoming meetings. Khoi will talk to Jack about a rent adjustment based on whether he will provide the power for the irrigation and hangar.

Old business:

Rod and crew spent a good day of field improvements a weekend or two ago.

Tasks completed as follows.

- Aerating
- Fertilizing
- Sanding the field
- Spreading a bunch of gravel to expand the parking area.

A big thanks to all that helped.

Jim has the events calendar up and running on our website. Check it out.

Thanks Jim. Club discussed member recognition on the website.

Meeting adjourned approximately 8:30

Your Secretary .....John Risbrough
