

Meeting January 2013

Meeting brought to order by Rod approx 7:00pm at EWEB

Treasures Report: As of December 2012 our balance was \$4051.11

New Silver Sponsor- Lane Forest Products contributed \$250.00 plus, 2 new members added another \$200.00.

Old Business:

The first event of 2013 was our Chili Feed. A good time had by all with good attendance. Thanks to all that helped put this event on, and to the participants. Club re-visited and discussed about giving ET&H another shot at contributing to our clubs next event. Rod presented the club with the revised 2013 budget, which was approved by all members present. Club discussed revising Bill Schneider's address so mail does not get returned to sender.

New Business:

For show and tell, Tim Herrmann brought in the fuselage of his Balsa USA ¼ scale CUB. He is making good progress, and doing a great job. It is nice to see some of our members building kits. This is becoming a lost art with all of the ARF's on the market and our busy lives talking up our time.

The final event was a presentation by Khoi about building and flying different models of War Birds. He came well prepared, with an info sheet handout detailing his experiences with the many various models he has owned, flown and a few crashed. All in all very enlightening and informative, if someone was looking to get into that type of aircraft. It was a great end to the evening.

Meeting adjourned approx 9pm.

Sincerely John Risbrough
