AMA -\$120

Signs-\$100

Fence material -\$298.47

Grange Deposit-\$50

Ending Balance +\$4374.88

Currently CRCF has 22 paid members.

Old Business:

Bill shared the good news about the float fly venue. The gravel that was to be put in place has been done. We now have our own parking area set for Float Flying. A big thanks goes out To Bill S. for creating a great working relationship to the Forestry, parks dept, City of Lowell. Rod briefly talked about Jack getting the power poles to the field this coming Sat.

New Business:

Rod brought up that at this time 1/3 of the tables for the CRCF swap meet were rented. Flyers have been posted and sent out. Khoi commanded the rest of the meeting with part 2 of his War Bird Series. Khoi presented the members with a 3 page handout nicely detailing Take off Procedures, Idle set up, some technical info on P-Factor and Spiraling Slip Stream. Several other items were covered as well. If you missed any part of his lecture, the info will be posted to our website.

All in all it was a very informative for anyone interested in learning to wrangle one of these beasts. Thanks Khoi.

Meeting adjourned approx 9 pm.....Sincerely John Risbrough
