

Meeting June 19th 2013

The evening started with getting some flights in for the early birds and having a little dinner. Thanks John F.

Meeting called to order by Rod Madison approx 7 pm. at the field
Treasurers Report: My apologies, I misplaced my notes from the meeting. I will revise this at a later date.

Remembering a friend:

The meeting started with a very nice plaque presented by Rod in Joe Owens memory. Rod read all of the great messages that were sent in by members, about the effect Joe had on everyone. Enough can't be said about this great guy. A few of the members present spent some time reflecting on the friendship and time they had with Joe.

Old business: Club discussed some of the up- coming events for CRCF and others. Some talk about the club attending the Show at Creswell hobby field.

New business: With power at the field finally, John R will get the supplies together to light and plug the hangar.

Meeting adjourned approx 9pm
Respectfully.....John Risbrough

A few more flights, and then it was time to go home.
