

Meeting November 13th 2013

Meeting called to order 7pm by Rod @ IZZY's Pizza .

T-Report

Starting balance- \$6295.49. With some deposits and expenditures for mower maint and rock for the well project, our ending balance for November was \$6393.33. T-Report was approved by all members present.

Old Business

In talking with the people at Creswell airport, the show and swap may not happen next year. Bill Spencer got info about using the marquis in Creswell for future events. All that will be needed is a two week notice. Thanks to Bill for checking into this. Bill Schneider brought up the fact that we should advertise early for next year's BlackBerry Fest. The dates for this looks to be July 25th, 26th and 27 2014. Club talked about our upcoming Polar Bear Fun Fly. Date to be determined.

New Business

Jim Corbett brought an air compressor to our hangar for club use. Thanks Jim. Club talked about some event ideas to add to our 2014 schedule. One idea was Cubs over Creswell. Our swap meet and paint ball event will also be in the mix as well. Club talked about setting up a charging station and work bench in our hangar. Nominations for club officers also took place. The list is as follows:

Rod Madison- President

John Risbrough- Vice President

Bill Spencer- Secretary

Bill Schneider-Treasurer

Bill Hastings and Tim Hermann- Safety officers

Nominations were approved by all members present.

Safety Time by Tim Herrmann:

Tim discussed and presented the club with a nice handout on Lipo battery charging and safety. Thanks Tim, and nice job. This is good info to keep at the forefront of our minds, as we all use batteries whether for our fuel powered models or electric.

Show-N-Tell

Bill Schneider shared some photos of his GEE BEE R3 that he acquired from Rod. Looks like it won't be too long before it is airborne. Bill Schneider also shared the fact that Valley View RC one of our sponsors, has great prices on their own brand of props and spinners. This is also a reminder to spend our dollars with our sponsors as much as we can. Remember their dollars help us keep things going.

Meeting adjourned approx 9pm

SincerelyJohn Risbrough
