

NOTAMS_Jun_2011

Gopher poison on field - Dogs and kids will get very sick if they eat it.

Field to be fertilized on Monday June 27

From or June 8th meeting

Air Space Issue

This could become a problem. FLY only in the designated flying areas.

USE OUR GATE

It has been notice that ruts are forming in from of hangers.
Only access our Hanger and flying area by OUR GATE at
the south end of Walker Field.

Cigarette Butts

Butts are being found on the ground. Pick them UP!

From our Flying Site Rules;

Smoking is only allowed in designated area (in your vehicle and not within 50 feet of hangars).

Members and guests shall not litter at the field.
