

## NOTAMS\_May\_2011

May 12

Bill Schneider recently picked up quite a few cigarette butts that someone dumped out right by the hanger. The offending party knows who they are.

From this point on the 50' limit for smoking away from the hanger, as is posted on the board, will be enforced. If you are going to smoke at the field, do it in your car 50' from the hanger and take your damn cigarette butts with you and don't dump them on the ground. Your Mother isn't there to pick up after you. Hope the point is made.

Bill Hastings  
Field Marshall
